TECHNOLOGY TO THE RESCUE

Vocabulary: meaning and use

Name: _____ Class: _____ Date: _____

Use the article in your textbook to complete the tasks. Focus on how the words are used in the text.

1. Match the words and phrases with their meanings.

1. disaster relief _____
2. assess _____
3. restore _____
4. coordinate _____
5. reliable _____
6. autonomy _____
7. obstacle _____
8. illuminate _____
9. inflatable _____
10. distribute _____

A. to organise people or activities so that they work well together

B. something that blocks movement or makes a task difficult

C. able to be filled with air

D. to examine something and make a judgement about it

E. help given to people affected by a disaster

F. to give something to several people or places
